Brief description of where this person is from and what he or she is doing in the United States
Example: *Please find attached a cadet membership application for Harry Crookshank. Harry is a citizen of England, who is here with his father, a member of the Royal Air Force attending Air Command and Staff College. Harry is legally admitted to the U.S. with his parents under NATO VISA until 31 Jan 2020.*

Some commanders will include some comments about the general character of the prospect.
For example: *Harry has attended the required three meetings prior to applying for membership. He has been an eager participant in all aspects, especially interested in aerospace. He shares quite a bit of knowledge regarding British aircraft and history and will make a fine addition to our cadet program.*

As his commander, I endorse this membership application. If there are any questions on this application, I can be contacted at EMAIL ADDRESS.

Respectfully,

//signed//
